1. ACCEPTANCE AND TERMS AND CONDITIONS: (a) Seller accepts this Order and any amendments thereto by signing the acceptance copy and returning it to GE promptly. Performance of the work called for by this Order, under any circumstances, including in the absence of Seller's written acknowledgment, shall be deemed acceptance of this Order. (b) By acceptance of this Order, Seller agrees to be bound by, and to comply with all the terms and conditions of this Order, including any supplements and all specifications and other documents herein referenced. (c) This Order does not constitute an acceptance by GE of any offer to sell, quotation, or proposal. Reference in this Order to any such offer to sell, quotation, or proposal shall not constitute a modification of any of the terms and conditions of this Order. **ANY ATTEMPTED ACKNOWLEDGMENT OF THIS ORDER CONTAINING TERMS AND CONDITIONS INCONSISTENT WITH OR IN ADDITION TO THE TERMS AND CONDITIONS OF THIS ORDER IS NOT BINDING UPON GE UNLESS SPECIFICALLY ACCEPTED BY GE IN WRITING, which under this Order shall not include email, AND GE HEREBY REJECTS SUCH PROPOSED MODIFICATIONS.** (d) Any acceptance, approval and/or payment made by GE in connection with work hereunder shall not relieve Seller of the responsibility for completeness, timeliness, accuracy, fitness and quality of performance.

2. PRICES and PAYMENT:

2.1 All prices are firm and shall not be subject to change. Seller's price includes all payroll, occupational, and value added taxes not recoverable by GE, as well as any other taxes, fees and/or duties applicable to the goods and/or services purchased under this Order; provided, however, that Seller must separately identify on Seller's invoice any state and local sales, use, excise and/or privilege taxes, if applicable, will not include such taxes in Seller's price. If Seller charges GE with any value added or similar tax, Seller shall ensure such taxes are invoiced to GE in accordance with applicable rules so as to allow GE to reclaim such value-added and/or similar tax from appropriate government authorities. Neither party is responsible for taxes on the other party's income or the income of the other party's personnel or subcontractors. If no firm or other price appears, no payment in excess of any monetary limitation appearing on the face of the Order shall be permitted without the prior written approval of GE. Pricing shall not be adjusted without prior written approval of GE. No extra charges of any kind will be permitted pursuant to this Order unless specifically agreed to in writing by GE.

2.2 Payment terms are stated on the face of the Purchase Order. Unless otherwise stated on the face of this Order, payment terms are due net one hundred and twenty (120) days from the Payment Start Date. The Payment Start Date is the later of 1) the delivery date identified on the Order, (2) the received date of the goods and/or services in GE's receiving system or (3) the date of receipt of valid invoice by GE. Seller's invoice shall in all cases bear GE's Order number. GE shall be entitled to reject any invoices failing to note GE's Order number or that are otherwise inaccurate. Any resulting delay in payment shall be Seller's responsibility. Seller warrants it is authorized to receive payment in the currency stated in this Order.

2.3 Seller agrees it shall ensure that GE receives the status of a most-favored customer with respect to matters of pricing for services sold hereunder. If Seller agrees to more favorable terms to any of its other customers at the time of negotiations, or during the term of this Agreement, Seller will, within thirty (30) calendar days, notify GE in writing and ensure GE receives these more favorable pricing terms for all Services provided hereunder retroactive to the date of such offer - and for so long as those terms are offered to other customers. Upon such notice, this Agreement will be deemed by all parties to have been amended to incorporate all such favorable changes - excepting any changes as may be rejected in writing by GE. Seller agrees to provide GE with certification of compliance with this clause, completed by an authorized Seller official, upon request by GE.

3. DEFAULT: Time is of the essence with this Order. Except in instances of delay due to causes beyond the reasonable control and without the fault or negligence of Seller or its suppliers, direct and indirect at every subcontract level, GE may by written notice of default to Seller (a) terminate the whole or any part of this Order if: (1) Seller fails to perform within the time specified herein or any extension thereof; or (2) Seller fails to perform any other provisions of this Order or instructions of GE, or fails to make progress as to endanger performance of this Order in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days or longer period as GE may authorize in writing after receipt of notice from GE specifying such failure; and (b) procure, upon such terms as it shall deem appropriate, supplies or services similar to those so terminated. Seller shall continue performance of this Order to the extent not terminated and shall be liable to GE for any excess costs for such similar supplies or services. If it is determined that GE has improperly terminated this Order for default, such termination shall

be deemed to be a Termination for Convenience. As an alternate remedy, and in lieu of termination for default, GE, at its sole discretion, may elect (1) to extend the delivery schedule and/or (2) to waive other deficiencies in Seller's performance, in which case an equitable reduction in the purchase price shall be negotiated. In the event Seller for any reason anticipates difficulty in complying with the required delivery date, or in meeting any other requirements of this Order, Seller shall promptly notify GE in writing. If Seller does not comply with GE's delivery schedule, GE may require delivery by fastest way and resulting charges resulting must be fully prepaid and absorbed by the Seller. The rights and remedies of GE provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Order.

4. TERMINATION FOR CONVENIENCE: GE may terminate all or any part of this Order at any time by written notice to Seller. Upon termination, GE and Seller shall negotiate termination charges that will compensate Seller for costs reasonably incurred prior to the date of termination, including profit of such costs, which will be identified by Seller within 30 days of termination.

5. WARRANTIES: (a) Seller warrants that all goods and services sold hereunder or pursuant hereto will be free of any claim of any nature by any third person and that Seller will convey clear title thereto to GE as provided hereunder. (b) Seller warrants and represents that all goods sold hereunder or pursuant hereto will be of merchantable quality, free from all defects in design, workmanship and materials, and will be fit for the particular purposes for which they are purchased and that the goods are provided in strict accordance with the specifications, samples, drawings, designs or other requirements (including performance specifications) approved or adopted by GE. (c) Any attempt by Seller to limit, disclaim, or restrict any such warranties or remedies of GE, by acknowledgment or otherwise, in accepting or performing this Order, shall be null, void, and ineffective without GE's written consent.

6. REJECTIONS: If any of the goods Ordered are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of this Order, including any applicable drawings and specifications, GE, in addition to such other rights it may have by contract or by law, at its option and sole discretion may: (a) reject and return such goods at Seller's expense; (b) require Seller to inspect the goods and remove and replace non-conforming goods with goods that conform to this Order. If GE elects option (a) above, freight collect and risk of loss will be passed to Seller upon GE's delivery to the common carrier. If GE elects option (b) above and Seller fails to promptly make the necessary inspection, removal and replacement, GE may at its option inspect and sort the goods; Seller shall pay the cost thereof.

7. GE'S PROPERTY: (a) Except as provided in Paragraph (b) below, unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by GE or specially paid for by GE, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of GE. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of General Electric" and shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for GE's property and shall not use such property except in filling GE's Orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to GE and shall be subject to removal at GE's written request, in which event Seller shall prepare such property for shipment and shall redeliver to GE in the same condition as originally received by Seller, reasonable wear and tear excepted, all at Seller's expense. (b) With respect to property furnished to Seller by the U.S. Government, the Government has the right to authorize use of such property on other Government contracts. GE's property shall further include GE's software, technical data, know-how and any intellectual property rights that may be provided to the Seller pursuant to the execution of this Order, which property is to be returned to GE at the termination (by reason of completion or otherwise) of this Order. All samples, if any, supplied by GE to the Seller must be used only for the purpose of this Order and for no other purpose. The Seller shall not reverse-engineer, deconstruct or chemically analyze the composition of the samples without express written permission of GE. Upon completion of the Order, the Seller shall return or certify the destruction of all samples, including scrap, to GE upon written request.

8. CHANGES: GE may at any time, in writing, make changes within General scope of this Order, in any one or more of the following: 1. drawings, designs, or specification where the goods to be furnished are to be specially manufactured for GE in accordance therewith; 2. method of shipment or packing; 3. place of delivery; and 4. the amount of Government-furnished property. If any such change causes an increase or decrease in the cost of, or the time required for the performance of, any work under contract, whether or not modified, an equitable adjustment shall be made in the contract price and/or delivery schedule, and the Order shall be modified in writing accordingly. Any claim by Seller for adjustment under this clause must be asserted within thirty (30) days from the date of receipt by Seller of the notification of change; provided, however, that GE, if it so chooses, may receive and act upon any such claim asserted at any time prior to

final payment under this contract. Any change in this Order shall be authorized only by a duly executed Order Amendment hereto.

9. NON-ASSIGNMENT: Assignment of this Order or any interest herein without written consent of GE shall be void.

INSPECTION: All goods and materials related in any way to the goods and services subject to this Order (including without limitation raw materials, components, intermediate assemblies, tools and end products and services) shall be subject to inspection and test by GE and its Customer (which term throughout this clause shall include, without limitation, the Federal Government, including its surveillance and/or regulatory agencies) at all times and places, including sites where the items are created or performed, whether at Seller's premises, its supplier's premises or elsewhere. If any inspection or test is made on the premises of Seller or its supplier, Seller without additional charge shall provide all reasonable facilities and assistance for the safety and convenience of the inspectors. If specific GE tests, inspections or witness points ("inspection points") are included in this Order, the goods shall not be shipped without an inspector's release or written waiver of inspection with respect to each such point; and Seller shall notify GE in writing at least twenty (20) days prior to each of Seller's scheduled final and intermediate inspection points. All inspections and tests on the premises of Seller or its supplier shall be performed in such a manner as not to unduly delay the work. GE's final acceptance or rejection of the goods shall be made as promptly as practical after delivery, except as otherwise provided in this Order, but failure to (a) inspect and accept, (b) reject goods, or (c) failure to detect defects by inspection, shall neither relieve Seller from responsibility for goods not in accordance with Order requirements nor impose liabilities on GE. Seller shall provide and maintain an inspection and process control system acceptable to GE and its Customer covering the goods hereunder. Records of all inspection work by Seller shall be kept complete and available to GE and its Customer during the performance of this Order and for such longer periods as may be specified in this Order.

32. PERSONAL DATA PROTECTION: (a) "Personal Data" includes any information relating to an identified or identifiable natural person; "GE Personal Data" includes any Personal Data obtained by Seller from GE; and "Processing" includes any operation or set of operations performed upon Personal Data, such as collection, recording, storage, alteration, retrieval, consultation, disclosure by transmission, blocking, or destruction. (b) Seller, including its staff, shall Process GE Personal Data only on a need-to-know basis and only to the extent necessary to perform this Order. (c) Seller shall use reasonable technical and organizational measures to ensure the security and confidentiality of GE Personal Data. Seller shall immediately inform GE of any breach of this undertaking. (d) These undertakings shall remain in force until Seller no longer possesses GE Personal Data. Upon termination of this Agreement, for whatever reason, Seller shall stop Processing GE Personal Data, unless instructed otherwise by GE. (e) Seller agrees that GE may require Seller to provide certain Personal Data ("Seller Personal Data") such as the names, telephone numbers, and e-mail addresses of Seller's representatives and that GE may store such data in databases located and

accessible globally and use it for purposes reasonably related to this Agreement. Seller agrees it will comply with legal requirements associated with transferring Seller Personal Data. GE agrees to use reasonable technical and organizational measures to ensure that Seller Personal Data is processed in conformity with applicable data protection laws. (f) Seller shall comply with all applicable laws relating to the use, dissemination and disclosure of individually identifiable health information, and shall not transfer to GE any data that have not been de-identified within the meaning of the Federal Privacy rule 45 C.F.R. § 164.514.

33. GOVERNING LAW AND LANGUAGE: This Order is to be interpreted, governed and enforced in accordance with the laws of New York State, United States of America, without reference to the choice of law provisions thereof. The parties hereby exclude the application of the United Nations Convention on Contracts for the International Sale of Goods. This Order has been made in the English language in two originals. A translated text of this Order may be provided by the Seller in another language at Seller's expense. The English text shall prevail for legal and language interpretations. If there are any discrepancies in the translation from the English version, GE and Seller are bound only by the English version of this Order. All communications, reports and notices hereunder shall be in the English language.

34. SOFTWARE: If any of the goods and materials delivered under this Order contains software, such as embedded, integrated, or otherwise attached, the GEGR Software License Terms and Conditions shall apply to the software.
